The JEWEL CROWN has just been run in the UAE, the first major meeting for the world's best Arabian horses with a clear victory for FRIST CLASS who covered the 2,200m in 2'26.74 having beaten the exceptional LADY PRINCESS. Fans of great races all dream of a revenge in a few weeks in the UAE, QATAR or even Saudi Arabia. But wouldn't it be possible that the 3 years old AL GHADEER (4 years old in 2023) logically, given his performance in 2022, would sow discord between the two best horses in the JEWEL CROWN. Judging by his two victories at Deauville and Saint Cloud and especially by the relaxation with which he got rid of his opponents by winning each time with a very comfortable lead, it seems very possible that he is the future referee on the next internationals Gr Is. Case to follow...

# GHARRAA

*" GHARRAA 2007 born in Iraq by the Russian stallion MATADOR (DRUG) out of Iraqi mare WADHA AL THANI.. she arrived with me from Iraq as a 2 years old after winning 2 races there (when they had 2yr old racing) She first started her European career in Sweden before relocating in France. (you have her racing results... which are very impressive) She raced for 4 years and 24 races... finishing 100% sound. She is a very tough mare, as are all the Iraqi horses. She was very bold and brave in her races, a fighter, yet has a laid back temperament, so she took all the race preliminaries calmly and without stress. She was the ultimate professional. She is passing all these attributes on to her progeny. She is the dominant mare in the herd and commands respect without being a bully. She is an excellent mother, she does her foals so well and she teaches them to have manners. She does my work for me. When they are weaned they are no problem and accept everything we ask of them. I believe that is why they are such good racehorses..*

*Every one of her offspring who has raced has won, including Group races. AL GHADEER is obviously the Superstar ★ .... So far. Although I do have very high regard for her yearling and her 2022 foal, they are both exception colts for the future. Her two daughters are now starting their broodmare careers. "*

## **SHEIKH ZAYED BIN SULTAN AL NAHYAN JEWEL CROWN U.A.E - ABU DHABI**

**2022.12.04 - 2.200m - 4 YEARS OLD & UP - AED 5.000.000**

The queen has lost her crown. LADY PRINCESS, crowned with a unique track record in the annals of Arab horse racing, was unable on December 4<sup>th</sup> at ABU DHABI in the JEWEL CROWN to win an additional group I. Indeed it is FIRST CLASS born in 2017 by DAHESS and TOPPOFTHCLASS by GENUINE MONARCH born at CRE RUN FARM stud, made in USA, property of D. MIHALOFF & A. KIRSHNER who brilliantly won this race. FIRST CLASS was not at its first attempt since it imposed itself in the USA, QATAR in SAUDI ARABIA and in UAE. It took a very good horse to beat the queen, it only remains to hope that FIRST CLASS grants him a well-deserved revenge.

# Vido Arabians

*Timo Keersmaekers*

*My parents started with Arabian horses more than 30 years, via Bart Vanbuggenhout they bought their first Arabian show horse at Christine Jamar and quickly afterwards they bought several horses at Dr. Engels place mainly PLAKAT blood. In the beginning they were quite successful with the show horses which resulted in several show winners and a Vice world champion mare in Paris. After a while my mother send some of the horses on race training however with no success. My brother and myself were active with show jumping horses. As the horses at trainers place were not successful I told my mother that we would try it ourselves. The first race we did at that time was with LIBANON AZADIK a colt which was successful in the show ring as well, he immediately gave us a win. Afterwards we kept on running with the horses with show bloodlines until too many French horses came to Belgium, at that moment we were still capable of running places but very seldom winning. I decided to go to France and via Martial Boisseuil I was able to buy HASE DE COLMAR the grandmother of MESSI. She wasn't very successful in racing herself but she gave us AMBIORIX (AMER) and JEANNE D'ARC (DORMANE), 2 very good horses as offspring. Unfortunately at that moment our focus was not so much on the horses but on our day to day business, that's why we didn't bred a lot neither with HASE DE COLMAR, neither with JEANNE D'ARC ( the mother of MESSI) both horses were also very difficult to get in foal.*

*When I breed I always try to see if there is an opportunity to ameliorate one negative point, with HASE DE COLMAR that was her nervousness and she was very little that's why we tried DORMANE.*

*With DAHESS and JEANNE D'ARC it was a lucky shot, I just liked DAHESS because of his results, that is why we gave it a try. Out of DAHESS and JEANNE D'ARC we had VIKTOR who was more a sprinter type of horse and who was successful as well, unfortunately he died at a trainers place.*

*When training horses we always mix a lot of different types of work which we used to do with the show jumping horses as well. At ours they go daily on the field and when they are racing for sure weekly to the forest.*

MESSI Winner in the 2020 JEWEL CROWN

*Today we still have our same facilities 22 boxes, +- 10ha of land and a training track of 700m and a horse walker, I would love to have a track of 1.000m but we are limited in space.*

*At the moment we have 10 horses, last year I bought MISS DU PANJSHIR who won this year 2 races and had several places and I was still hoping MESSI to return. But as the corona regulations went down I didn't had the time anymore like in 2020 to spend with the horses. The focus is now again on the day to day business activities, however for next year we will have a new VIKTOR who will start racing he is out of GENERAL X JEANNE D'ARC we are very much looking forward to his career.*

*JEANNE D'ARC finally got in foal las August of AL MOURTAJEZ for which I would like to thank Al Shaqab Arabians to give us this opportunity, so we are looking forward to that as well.*

*This year we also got a foal out of GENERAL X NAPOLIEN who's mother is HASE DE COLMAR, the filly looks really strong. Next year we will breed NAPOLIEN with DAHESS.*

*At the moment we are collecting semen of MESSI and he will stand as a stallion next year.*

**MISS DU PANJSHIR 2016 DAHESS & FARAH DU PANJSHIR by DORMANE**

**Br : P. ANTENET - 14 Races 2 Wins 5 Places**

*For the future we are strongly looking forward to the offspring of MESSI, a lot of Belgian owners want to work with him Peter Deckers for example is using 3 of his mares with him as well will be Yas Racing.*

*Myself I am trying to use him as well on some older mares with old Russian blood.*

*On the racing aspect as long as I am working we will only keep a few horses to run, so for next year that will only be VIKTOR.*

*I am also looking to cross for example the mother of MESSI with BURNING SAND, but I haven't completely decided.*

*In Belgium we are spoiled with the good work Nelly is doing together with mainly the support of SH MANSOOR FESTIVAL CUP / Wathba Stud / Emirates Breeding Challenges, I hope this cooperation can continue and that probably also the Qatar near races will start again in 2023.*

*Internationally the races of France are of main importance towards all the breeders, it challenges everyone to develop, at this moment there are a few nice young horses in Belgium who could probably with a bit of luck compete on the highest level in the next years.*

*And of course the winter season in the Middle East will stimulate a lot of owners to keep on breeding better and better horses. With the support of the Middle Eastern countries Arabian horse racing is looking to a beautiful future and it is at the moment still a sport in which you can enter as a private person.*

*My family and myself could experience the great hospitality even under difficult Corona regulations, in the UAE when MESSI was invited to race the Jewel Crown, it was always a dream for me but thanks to Abu Dhabi Jewel Crown organization the dream came true.*

**Press release : 100% sold for I Want The Winner!**

The 12 broodmares offered by the Qatari owner Sheail Bin Khalida Al Kuwari were all sold on the platform. A strong demand was noticed with a disparity between the many people connected: the analytical tool recorded more than 200 connections in a dozen different countries.

KARAMA is the top-price of this session bought 30.000€ by the Saudi Nasser ALSHABIBI who shared his experience: "I would like to take this opportunity to thanks Mr. Sheail Al Khwari and IWW for this auction. It was a joyful experience. My feeling is mixed with ambition to see a group winner out of Karama. I bought this mare because she is a winner and come from one of the best sires and group winner MAJD AL ARAB, and dam sire AKBAR, also she is in foal to one of the best stallions NIESHAN. I'm looking to go with MAHABB or AL MAMUN MONLAU for next sire. May Allah bless you all"

AJS AL MANAAGIEH was subsequently sold in private to Kuwaiti Hamad Al Hatlani for €26,000 who said: "I am very happy to own this mare of luxurious blood from the father's side and also the mother's side, as she is a champion producer. I thank the organizers for the wonderful auction. Thank you so much"

Marta KUBICKA had the last word for YANAR at 22.000€, the last lot of the sale at the end of an umpteenth extra time.

Valentin ADAM said "We are very happy with the success of this sale of quality mares and satisfied buyers, we thank them; the confidence of Mr Al Kuwari honours us and I would also like to congratulate Camille Demercastel for her work.

## Leading Owner

### Athbah Racing

Reflecting their increased commitment to the UK, Athbah Racing is the new leading owner, with their trainer Phil Collington accepting the new trophy, sponsored by the Royal Cavalry of Oman, on their behalf. Their principal winner, the Leading Horse, Ekleel Athbah, ended her UK season on a high when winning the Royal Cavalry of Oman International Stakes (Group 2PA) at Newbury in August. Bayan Athbah secured back-to-back wins in the HH Sheikha Fatima bint Mubarak Cup (Gr3PA) at Haydock Park, Rebal Athbah remains unbeaten, whilst Kafou Athbah continues his career in Saudi Arabia this winter.

*"We thank HRH Prince Abdulaziz bin Ahmed for his leadership, daily management, financial and emotional support. We dedicate this honour to him as a token of our appreciation from the entire team at Athbah Racing."*

*"We thank our great trainer Philip and his team for their dedication and hard work this season, and also Genny Haynes, William McFarland and Debbie Burt at ARO for their time and efforts despite all the challenges this year. Athbah Racing is delighted that its' story began in the United Kingdom with their racing and breeding operations, we feel like we are in our home."*

# Leading Trainer

## Philip Collington

Philip Collington, who won his first leading trainer title in 2018, had a long association with Shadwell Arabians as a jockey and trainer. Along with half of Sheikh Hamdan's string, he also inherited a handful of Athbah horses on the retirement of his mentor and doyenne of the sport, Gill Duffield in 2015. However this year's success was not entirely down to Athbah's support as one of his winners was Lujain, bred by Shadwell Arabians and now owned by John Elliott, who had provided Collington with his first winner as a trainer, as well as supporting him in his riding days.

His team was off the mark quickly in the UK with Rebal Athbah winning the first race of the season at Windsor. Despite a spirited challenge by five-time leading trainer James Owen, who had more runners, the trophy was going back to Collington, who was also the only UK trainer to secure black type wins in the UK this season.

*"It's been a fantastic season and obviously it's nice to be leading trainer again, along with the Group success we've had as well. Of course with the quality of horses we have now, we should be producing Group winners and winners across all levels. We've got some lovely young horses going into next year and they look very progressive."*

# Leading Jockey

## Tadhg O'Shea

Integral to the success of Athbah Racing was ten times UAE Champion Jockey Tadhg O'Shea, who partnered Ekleel Athbah and Bayan Athbah to their 2022 UK PA Group victories. He will be presented with the ARO leading jockey trophy later this year at the HH Sheikh Mansoor Festival Jewel Crown meeting, a race which Athbah and Collington also won in 2019 with Mashhur Al Khalediah.

*"It's an honour to be crowned leading rider in the UK. Arabians are how it all started for me, winning on Danidor for the Maktoum Royal Family in 2001 at Jebel Ali. Thankfully I've ridden some of the best Arabians throughout my career and it's been great to ride for Phil and Athbah Racing again in the UK this year. I congratulate them on their success and that of Ekleel Athbah, she's a lovely filly who is improving with every run, hopefully she'll go to the Al Mneefah Cup."*

## EKLEEL ATHBAH

(2018 f Laith Al Khalediah - Manade Athbah (Khoutoubia))

Athbah Racing also received the ARO Leading Horse Award, sponsored by The Arabian Racehorse magazine, for Ekleel Athbah. Owned and bred by Athbah Racing and trained by Philip Collington, Ekleel Athbah is out of Manade Athbah, who was bred in the UK by Sheikh Ahmed bin Rashid Al Maktoum, but trained in France by Sandrine Tarrow. There she won over 2250m and was later placed third in the 2014 Hatta International Stakes at DIAR.

Ekleel Athbah made her debut in Belgium in February placing second over 2100m and finished second on her UK debut at Wolverhampton, when beaten a neck by Balqeess. Since dropping back in trip and switching to turf she has been unbeaten in the UK,

winning over a mile at Windsor and then two two six furlong sprints at Newbury, including the Royal Cavalry of Oman International Stakes (Gr2PA).

*"We felt from the beginning of the year that she could be as good, if not better than Bayan Athbah. It was only her race inexperience that held her up. She's very professional at home and she was unlucky not to get off the mark sooner, but she's ended the season as a Group winner. She's had a bit of a break as we've moved yards, but she'll have a prep race either in France or Belgium in January with the goal of going to the Al Mneefah Cup at the Saudi Cup meeting."*

## LAITH AL KHALEDIAH

(2009 h Tiwaiq x El Biwaibiya)

Bred by Saudi Arabia's Al Khalediah Stud, Laith Al Khalediah was represented in 2022 by the unbeaten Rebal Athbah, as well as the leading horse, Ekleel Athbah. Overseas his most notable produce is Mubasher Al Khalediah, winner of the 2021 Obaiya Arabian Classic (1m2f) and two Prince Sultan Cups (Gr1PA) in Saudi.

*"Having seen some of the other horses by Laith that have been bred and are still owned by Al Khalediah Stud in Saudi Arabia, they are very tenacious, stay very well and really see out the line well. Rebal certainly is like that and Ekleel's very tough too, we're hoping she will win back up in trip next year."*

# Leading UK Breeder

## Paul Simmons - Zayin Arabians

This year ARO was delighted to be able to reinstate their UK Breeders Scheme, giving financial rewards to British bred horses finishing in the first three of any non-Group race. The top three British breeders were then rewarded with their choice of stallion nomination, generously sponsored by Shadwell Arabian Stallions, with Paul Simmons of Zayin Arabians selecting AF Mathmoon, Mrs Skepper and Jane Marsden selecting the No Risk Al Maury and Steve Blackwell selecting Madjani.

The award also included a trophy as well as photographs sponsored by The Arabian Racehorse magazine.

*"It is a true pleasure to be able to support the ARO Breeders' scheme this year by gifting three nominations to our world class Stallions AF Mathmoon, No Risk Al Maury and Madjani. We wish the winning breeders' much success and we look forward to following them in their future endeavours. On behalf of the family of the late HH Sheikh Hamdan bin Rashid Al Maktoum, we would like to express our sincere thanks to everyone who has shared our journey supporting the development and success of Arabian racing and breeding in the UK. Shadwell's involvement began at the very beginning, spanning over 37 years and it has been a true honour and pleasure to be part of this legacy. We wish all involved, far and wide, an abundance of luck and success for many many years to come."*

Shadwell Estate Company Ltd.

*"It's lovely to be recognised having been involved for 20 years. The horses have done well this season with Zayin Zyperion winning and Zayin Angkor Centurion being placed at Group level for a second time. I was delighted with Zikada Zayin's third on her final start and look forward to her progressing further next year."*

*"It's fantastic to get a free covering from Shadwell. I will probably use AF Mathmoon on Zephyrella Zayin, as I've already got one of my mares in foal to him this year and I'm looking forward to using him again."*

ELABORAT was born in Poland in 1963, exported to France in 1971, then to the U.S.A in 1983. It was in 1970 that P. PECHDO and M. FRAPPIER went to WARSAW in Poland in order to acquire or more precisely to proceed to an exchange of 3 Arab stallions against English and Anglo-Arab Thoroughbreds and other S.F. After a visit to the stud farms and a short tour of the racecourse, our two friends were assigned BAJ, BADR BEDUR and finally ELABORAT. The exchange being effective a few months later, it was in 1971 that these three stallions arrived in France, the first for Pompadour, the second for Pau and finally the last in Tarbes. For his first year of breeding ELABORAT was going to produce : with HFIFA he was going to give BOR FIFA dam of IRKOUSTE, HOGGAR DE L'ARDUS TOUDRA L'ARDUSSON etc... for the breeding of P.
