« I'm born in 1981 in Heerlen, the Netherlands »

AWA Magazine : *What is your personal history.*

Let me start to introduce myself: I'm born in 1981 in Heerlen, the Netherlands. Raised in Kerkrade, next to the German border. After having spent 7 years in Belgium, I moved to my house in Germany in 2010. My horses are being trained in the South of the Netherlands. Geographically good situated as we have major German racetracks within 100km, the Belgian tracks and Duindigt within 200 km and even Paris is only 450 km. This gives us the opportunity to run our horses through western Europe without extreme travels.

Like nearly every little girl, I loved horses and at the age of 7 I could finally get started with my classical schooling in dressage and jumping. I got my first horse when I was 14, but after reaching the highest levels in dressage and jumping, I got bored soon. My dressage-teacher at that time lived together with a Dutch jockey, Bjornson Afonso, and he introduced me to the world of racing. I started riding out in my holidays from 1996. At that time Arab racing in the Netherlands was growing. In 2003 I became more serious and next to my bachelor studies Business economies, I went training horses 4 days a week.

One of the horses I rode out every day was *DADJI*. Those days a 4 yo colt, by *DARIKE & PLAMAJUD*. From the first day, this horse became special to me and after riding him a year, in 2004 I bought him: my first Arabian racehorse! At that time I got my owner- trainer license and in my first season Dadji give me my first winner as trainer and owner. He had a very good season and I got several requests for training more horses.

AWA Magazine : What were your first Arab races horses.

In 2005 I changed my license for Owner- trainer into a professional license. Next to that, I worked as a morning rider at Braem Horseracing, Belgians Champion trainer in thoroughbreds. Next to approx. 40 throughbreds, there were some Arabs in training, and again I preferred to ride them. At the end of season Braem decided to quit training Arab horses and focus on TB. That is how *AU VOL DEL SOL* By *DARIKE x A LA VOLEE*, *SAINT AISSA* By *NUITS ST GEORGES x ESSAADA* and *WFA BENEDICT* By *BENGALI D'ALBRET x DECCANA* came to me. It became a great year. *WFA BENEDICT* finally lost his maiden finally after 2 years in training in Belgium, *SAINT AISSA* won 4 in a row and became 'horse of the year' and for me, most special in my history as trainer, *DADJI* won the all-over competition in the Adams Management Service Trophy. This trophy was a competition being held over 10 races, gaining points for every start and place. Not just a competition for best horse, but also for best owner and best trainer. I was so proud to win all 3 of them at the age of only 24.

AWA Magazine : *What is your feeling about the future of the Arab horse races worldwide.*

Nowadays a competition like this isn't possible anymore, unfortunately. Although since several years Arab racing was boosted again by the great sponsorship of Sheikh M.B.Z al Nahyan and the great efforts of L. Sawaya, many owners quit keeping racehorses in Netherlands when the crises started at the late 2000s. We had to start building up arab racing from nothing again. Actually we have approximately 40 arab horses in training in our country.

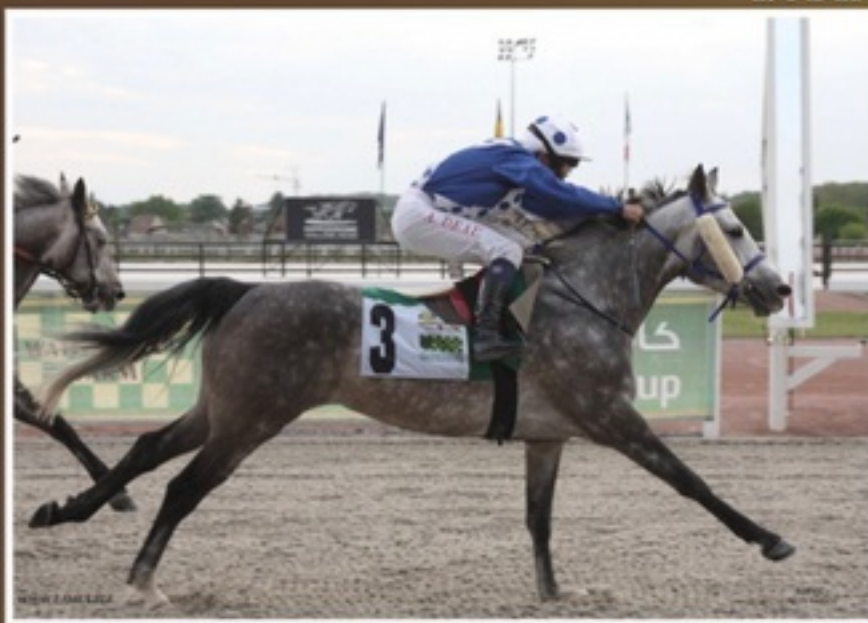

Another very special horse to me is **VULKAIN D'ALBRET** by **AL SAUDI x MILKA D'ALBRET**. He was my 1st Int Arab group horse. He brought me to Ireland and Newmarket in 2013. He was rated 110 at the end of 2013 and was sold to UAE.

I'm very happy to have horses from international owners. This season I have **RODIN** By **DAHESS x ROSSIGNOL** owned by Osama al Daffaa from Qatar, **SHEIMAH QARDABIYAH** By **DAHESS x MATMATA** owned by Remass stud from Libya, **WELD AMER** (by **AMER**) owned by Rashid al Naemi from Qatar and **NESMAH QARDABIYAH** By **DORMANE x HIJARA** owned by the Qardabiyah stud from France. I'm very grateful to have the full support of my owners and I think I can say we are quite succesful so far with a winning rate of 23%. I think the strength of having horses in training in Netherlands is that we have a great program for as well grassroots horses and for group horses.

SHEIMAH QARDABIYAH

RODIN

ARC KOSSACK

We have the opportunity to start our young horses on a lower level in order to get them ready for the bigger work, mostly abroad. Next to that we have the support from DIAR, the Presidents of the UAE and the Sheikh M.B ZAYED AL NAHYAN Sheikhha Fatma (UAE) to organise amazing Gr races every year. A major thanks goes to these sponsors for making this all possible and giving great opportunities in our "small" racing country. This year I had the great opportunity to attend the WAHRC in Rome. I think it is great to get hear other opinions and discuss racing with all this important people involved in our business. For me as a young trainer thats very educational Thanks to sponsorships, in Netherlands, Arab racing grew bigger than TB racing. I used to train TB in the past as well, but for me, it doesn't work out to train both.

There is an obvious difference in the way of training. In my opinion it doesn't work to train Arabians on the track every day. They have a very strong character and most important is to keep their mind set well and clear. My experience is that they need a variety in training. As my roots are in dressage, this still has an influence in my training. I like to see my horses working from their back forwards and putting their hind legs under their body mass. I hate to see horses galloping on their hand, or with their head highly up and pushing their back down. I think this causes too many discomforts and in the end injuries. Furthermore I believe that also racehorses need to go out every day. Even if it is only half an hour. They love their time out in the paddocks. Every horse is an individual and needs to be treated like that. There is no 2 horses that have the same special character and all my horses get their individual training and care. This is the main reason why I don't like to have a huge yard and why I keep maximum 10 horses in training. It's not just a job, it's a passion, a lifestyle and I hope to continue for many more years! To complete my essay, I would like to send a major thanks to Margreet de Ruijter. She is the most important in Arab racing in Netherlands and she keeps our sport going. ● My name is Laetitia GONCALVES and I started riding at the age of 8 years. Our stud was founded in 1990, 26 years ago, in Thédirac (Ayssades.), by my father who started this activity and the compéttition, it is thanks to him that I do endurance. With his first endurance family mare, ANAIS half bred Arabian , my father would raise the first crop, including JASMINA DES AYSSADES by AKIM x ANAIS with whom I won my first races : the 90kms of le Vigan and 120kms of Montpazier. This was after this victory – Montpazier- that I could join the national French junior team, during 4 years I made good races and done well including world championships in Hungary where I finished 3rd in the individual, and gold on national team.

LAETITIA & JASMINA DES AYSSADES

JASMINA DES AYSSADES

ANAIS

● Our first mare gave birth to several fillies that have produced beautiful foals, including JASMINA DES AYSSADES, promising future for upcoming competitions.

My father always takes care of livestock, while I train every day endurance horses. I ride horses for several owners especially for Mr Begaud Jack, to whom I owe a big thank you to let me ride high levels horses among which **TEOTIHUACAN DES GREYS** By **PERSICKO x NARZOUK** Breeder **F. FOURNIER** with whom I was French champion last year and **TAM TAM TOKAY** By **BALTZIK x ADELE**, Breeder **D. HAUVETTE** with which I again got the same title.

● We select our sire on the most promising lines for endurance. our breeding policy is to cross the Persick lines with the flat races blood lines.

Regarding the development of infrastructure, even if a lot of people work with a walker, we decided that it is better for our horses to be trained on flat races tracks. Turning to the theme of doping, I think many checks during races allow us to both horses or riders to participate in relatively clean races.

● Endurance, discipline that I have chosen, is a choice of my heart that I hope to practice as long as it is possible. I trained my horses for hours, they are very special moments for me. That's why I want to continue in the discipline of endurance and I want to fight to win new races.

I think unfortunately that the technical races with difference in level like Florac or Labastide-Murat style will be increasingly rare, and I think that's unfortunate.

Riders of the Gulf countries have given some evolution in endurance. Indeed, they carry more interest in competitions on flat races, that is why in their choice of breeding they favor flat races blood lines. But fortunately every coach is free to choose about the events he participates

To return to doping, I think we should increase the checks on the horses but also on riders. Thus this discipline can keep a good image, and if the endurance races manages to be more publicized, then maybe it will become an Olympic sport.

SEE YOU IN SAMORIN...

ANISSA SFAYHI & AL MOUBDA A TUNISIAN FAIRY TALE

Like many endurance riders, anissa owes its current competitive career to his father, ABDERRAZAK SFAYHI a trainer and rider who won renown at the 1998 world championships in ABU DHABI with *SAFOUEN* by *DYNAMITE III* x *EZZINA* by *OMRAN*. The watchful eye of the latter noticed AL MOBDA on a racetrack in his debut in flat race, before bought it in 2011 at four years old, to his breeder the very famous MEDDEB stud and he told to his faithful friend Henni WALI that labor has won several victories with him.

ABDERRAZAK SFAYHI on SAFOUEN in DUBAI 1998

In turn, experienced rider Anissa, who never give up was in charge of al motdba, she planned intelligently his horse career to bring him in a few days at the world championships in September 2016 in Šamorín. Anissa hope to get on the podium to clear his disillusionment of 2014, or for lack of sufficient financial resources, it waive participation of young horses championships. Anissa and his horse have written an important page of endurance in Tunisia. Indeed apart from *DHOKR by SAFEER EL BADIA x HELLA BINT ZOUIAIA* in 2011 no Tunisian horse had finished a 160Km race, to be 15 years of waiting.

Finally on July 15th at the French championships in Argentan MOUBDA gets the 22 th (15.64) of 75 horses and 22 nations. ANISSA and his dedicated team will meet you in Samorin, to write a new page of endurance in Tunisia. And who knows maybe the W.E.G to 2018, without dreams we come to nothing.

CHERI BIBI was born on January 11th 1975 at Mr A. Saphores farm in the Landes, the same family farm was to become a few years later « DU LOUP bloodlines » known worldwide. Indeed Mr Saphores had bought in 1974 NEVADA II to Mr Jean BACQUELLA from DU CASSOU Stud, in foaled of BAROUD III. NEVADA II would provide the foundation of Mr Saphores lines, NEVADOU and NIVADA. CHERI BIBI was then put in training to JM De WATRIGANT stables with which he will race unbeaten in 4 races & 4 wins Presented to Tarbes stallions purchases only outlet at the time, he was riding, strong brilliantly that day by Renée Laure KOCH current owner of Haras du Maury. This story happened 38 years ago, today except John BACQUELLA, all the players in this amazing story are still among the best breeders on Arabian races worldwide.

● *"Of course, CHERI BIBI is part of the great Arabian horses that I had the chance to ride with my friend Jean Marc Watrigant for which I was first jockey for years ... CHERI BIBI had a good temperament, with great potential and was kneaded qualities. He was the best of his generation. One of the best horse from JM. WATRIGANT. Very good memory"*

The Influence of Polish Bloodlines on French Racing Lines.

As far as we could go back in time, in French arabian racing lines, is a constant that has always guaranteed the strength of these pedigrees is the faculty that always had the French breeders to mix their strains with the blood came from elsewhere. First on the other side of the mediterranean (Syria, Tunisia, Algeria Morocco etc) ... and more recently Poland.

Indeed at a time when the races for Arabian horses were dying in France, many breeders believe they were turned away from the original horse, or just wanting to enjoy the proximity of the national stud farm stallions, dared the lines Polish on their old racing strains. More by chance than by a rational science of origins, would be born the foundations of the current breeding of French horse racing, with Mandore (Grabiec) dam of DORMANE, DJEBELLA II (BADR BEDUR) dam of DJELFOR, MONA LISA (BADR BEDUR) granddam of AL SAKBE, AKALIBA (ELABORAT) dam of AICHA TOURETTE and WALID AL DUNIXI, MURIELLA (SHERKHAN II) ect...
