TORNADO DE SYRAH

During my career as a trainer, I had the opportunity to meet owners who became close friends, Jean LUC JARDEL was part of this category. I met him more than thirty years ago thanks to Arabian horses, we won many races together and in my memory two horses come to mind: VOLCANO DE CARRERE AND TORNADO DE SYRAH. And being the shrewd businessman that he was, he had also successfully invested in English Thoroughbreds and steeplechase horses with which he had also experienced victory. I was with him at the creation of AFAC, which he had led for years with the same dynamism and passion as he had managed his businesses. We also shared the same interest in South America, a country where he experienced great moments of happiness. Goodbye Jean Luc.

EDANY

Jean Luc JARDEL was an exceptional president of the AFAC for 10 years. With limited resources, he accomplished a remarkable job. He was one of the first to believe in my horses, notably Madour, Orani Star, L'As Spinaga and Edany. Thanks to him, these horses enjoyed great success and joined the stables of Hamdan al Maktoum. Jean Luc JARDEL was a generous person who greatly helped French breeders. His expertise in breeding was recognized, and he had a magnificent stable from which many quality racing horses came. In the 1980s, he became interested in my horses, which allowed us to hit it off and become friends. I would like to sincerely thank him for everything he did, and I am deeply saddened that he has left us, I hope that his memories will live on in time and in races.

TRIBUTE TO : JEAN LUC JARDEL

40 years separate these two photos, from PASSEM the Jean Luc stallion presented in Cannes, to my visit to Leojac a few weeks ago. A common passion drove us, and even if we were not always of the same opinion, at each meeting it was with pleasure and without ulterior motives that we spent entire days around horses, a good meal and many memories . Have a good trip.

"Un uomo semplice e tranquillo"

Once upon a time in the depths of the southwest of France, a unique terroir of Gers, known worldwide for its production of Armagnac and foie gras, but also for having seen its birth for several decades at HARAS DU CASSOU at Jean BACQUELA and Christian his son exceptional horses.

By NEVADA II the founding mare who produced so many quality performers, stallions and extraordinary broodmares, Jean BACQUELA knew how, as a wise breeder, to create a lineage, the CASSOU ones still present today in the best pedigrees of the most major world stud farms. As for the time, narrow-minded French breeders treated him with contempt as a horse trader, a horse dealer, a peasant from the Gers, he persisted in his work as a breeder, he was not going to give in to the fashion which pushed many of his distinguished colleagues to breed (to bring type) to GRABIEC, ELABORAT, SERASKIER and other DAHMAN.

Jean BACQUELA through his unique production has become the greatest French breeder of the last 50 years and he will forever remain in the only objective manuscript, the French Stud-Book of the Arabian horse...

NEVADA II 1955 DJANOR & NAMOUMA by ALARIC V Breeder : J. LAMAISON

There are always legends that accompany great horses and great breeders. For Jean BACQUELA, the story goes that he purchased NEVADA II at a horse fair, from Marcel PUJO. At the latter she had given NANIC AND NANOU with OUROUR, and Anglo-Arabs oriented towards CSO and eventing with significant results.

Then at Haras Du CASSOU she would produce a multitude of quality horses which would, over the years, raise NEVADA II to the rank of the best strain in the world and make Jean BACQUELA and his son Christian breeders of the same rank. In this beautiful story, few breeders will have a dignified attitude, except ERIC DELL'OVA - Haras de CARRERE - who was the main promoter of the Haras du CASSOU.

NEVADA II will give at Jean BACQUELA farm : NEVADOUR, IMMAMA, QUESADA, BAKARA, then sold to J.M SAPHORES she will produce CHERI BIBI, NIVADA, BASTIDOT and NEVADOU

Jean BACQUELA left us in 1993, but his son Christian who still lives at Haras du Cassou, had kept a mare from the NEVADA II line: CARRERE DU CASSOU (photo) and at the same time he distinguished himself in trotting races in winning numerous victories including MISS HAIDA or VOYOU DU CASSOU (22 VICTOIRES) Damn it cannot lie Thanks to the BACQUELA family for having consolidated the foundations of the French Arabian breeding

Haras Du Cassou

Jean & Christian BACQUELA

JEAN BACQUELA, a breeder I met in the 1980s near Nogaro in the Gers, deserves a special tribute. I met him at a fair in the Gers, where we had the opportunity to chat. I then visited his property and discovered his magnificent horses. At that time, he sold many purebred Arabian racing horses, both in France and abroad, bringing happiness and success to their new owners, including myself. Thanks to him, I acquired a mare named MADOURA (By IBN NEDJARI and NEVADOUR by OUROUR), which I crossed with the stallion MANGANATE. Over the years, this has allowed me to breed winning horses in France. Today, if I have had so much success, it is thanks to JEAN BACQUELA. I would like to pay tribute to him and salute his exceptional work. I hope that in the future a race will be named after him, in recognition of his contributions and for the enjoyment of horse breeders and owners.

Mehdi BENMESSAOUD

For more than forty years, he has allowed me to cross the path of a good number of horses, but the most constant in model, aptitudes and pedigrees were undoubtedly the DU CASSOU. I have met Jean and Christian BACQUELA many times and the constant in our relationships has always been a deep respect for the work accomplished. Over the years, on my own behalf or on behalf of owners, I have had the chance to acquire NEVADOUR, BAROUD III, BAKARA, VALSE DU CASSOU, KEY DU CASSOU, COQ DU CASSOU, FLORALIE and to breed with BACO DU CASSOU, a unique collection.

2024 TOP PRICE

The ARQANA Arabian horse sales in 2024 were a good edition if we consider the figures. With 76 horses sold for 106 horses presented, and an average price of 47,105 euros. Unfortunately breeding horses had little success with few horses sold and very low prices for those that were. What can we say about ASEDAH top price of the sale for 300,000 euros, holder of 3 races 1 Victory and 2 places before the sale, but which did not confirm its status of top price of the sale, obtaining a not very encouraging 6th place in the QATAR ARABIAN MARES TROPHY on 05.10.2024

ALTAJANI VDC DOMINATES THE IFAHR TROPHY IN LIVORNO

In an evening of great public success, in which the FEDERICO CAPRILLI Hippodrome also hosted the 79th Coppa del Mare (HP, €25,300, m. 2250) and the Criterium Labronico-Trofeo S.G.A. (€14,300, m. 1500), Arabian have also found space in Livorno. In particular with the prestigious IFAHR Trophy, a group 2 race whose organization is assigned each year to a different nation by the IFAHR (International Federation of Arabian Horse Racing Authorities).

In a field of starters reduced to five units due to the withdrawals of DEU DI GALLURA and KHAMISS, the very favorite ALTAJANI VDC dispersed his opponents, taking the 5th victory in 7 races in a career that also includes 4th place in the Milan UAE President Cup 2024 Four years old, son of Burning Sand and Patterdale, the chestnut bred by the Azienda Agricola Valdicava (he goes on the track however with the colors of the Latin breed), ALTAJANI VDC is trained by "ENDO" BOTTI and CRISTIANA BRIVIO. VALDICAVA is headed by VINCENZO ABBRUZZESE, producer of Brunello in Montalcino and a great horse enthusiast.

The race was animated for a long time by ELIDOR, leader ahead of EL PROFESSOR TOTTO, ALTAJANI VDC, MAK'AMERA and ENYEAMA DEL MEJLOGU. On the second bend EL PROFESSOR TOTTO approached ELIDOR, and then overtook him on the straight ahead where ALTAJANI VDC promptly advanced on the new tread, dragging MAK'AMERA and ENYEAMA DEL MEJLOGU. DARIO DI TOCCO wasted no time riding the favorite and launched himself forward at the start of the decisive corner, vainly chased by MAK'AMERA. The home straight was a triumphal catwalk for ALTAJANI VDC: «It was all easy – the winner's jockey commented – ALTAJANI had tested the track positively and reiterated his great quality among the PSA». The unexpected ENYEAMA from MEJLOGU preceded her training partner MAK'AMERA far behind. ELIDOR finished fourth on EL PROFESSOR TOTTO.

FAISAL AL RAHMANI, president of the IFAHR, was present at the IFAHR Trophy: «We have been interacting with MASAF for some years, Italian races must return to having an important role in Europe also with those reserved for the PSA. It is important that a track like Livorno has been recovered, for the economy of the Italian gallop, in order to harmonize the general programming. For our part, we are always ready to support the prize money for the PSAs, especially after an evening like this in which I was pleasantly surprised to have found all this audience...".

IFAHR Trophy (group 2, €24,200, d. 1950): 1. Altajani Vdc (58 D. Di Tocco), 2. Enyeama del Mejlogu (561/2 S. Sulas), 3. Mak'amera (571/2 S .) 4. Elidor (57 S.R. Saiu), 5. El Professor Tutto (57 A. El Rherras). Deu di Gallura and Khamiss did not race. Detachments: 10 – 21/2 – 21/2. Time: 2.15.7.

WHAT IS IFAHR ?

IFahr (International Federation of Arabian Horse Racing Authorities) is the federation that brings together national associations from all over the world responsible for horse racing reserved for Arabian thoroughbreds. It currently has as president H.E. FAISAL AL RAHMANI and includes associations from 32 nations. The IFAHR, in the person of President RAHMANI, has long since started a close collaboration with the MASAF (Ministry of Agriculture, Food Sovereignty and Forestry) for the promotion and organization of the most important PSA races in our Village. Italy is currently represented on the IFAHR Board by MATTIA CADROBBI, ANICA councilor with delegation for galloping, as well as member of the MASAF Horse Racing Council for the PSA horse racing activity.

Haras D'Alby

In the 1980s, French breeding of Arabian racing horses experienced a certain revival.

And has since seen the birth of a number of establishments which promote our horses by making structures available to French breeders and more broadly throughout the world.

Professionals who replaced the services of the national stud farms which have disappeared to this day.

MEKHATT

Haras D'Alby

Since 2018, HARAS D'ALBY, located in Tarn (southwest of France) has positioned itself with some success in this area. JULIEN BOSC took over the family business in 2018, initially oriented mainly towards the MERENS horse. Anxious to modernize his work tools, JULIEN BOSC, graduated with an inseminator license (Haras du Pin) and an equine BTSA (LA CAZOTTE establishment), decided to open an insemination and breeding center on the 80 hectares of its estate, certified by the equine welfare charter.

Haras D'Alby

Supported in its creation by YVES BERROCHE of the IFCE, JULIEN BOSC will specialize in Arabian racing and sports horses. In addition to reproduction as a whole, the center also carries out all types of insemination, foaling and raises young horses on behalf of breeders. Of course, a place is made for fresh insemination that the center practices thanks to samples taken on site.

Haras D'Alby

The seriousness and the results obtained by JULIEN BOSC have led a good number of French breeders to place their trust in him, but also QATAR, including the well-known breeding AL JASRA STUD which has entrusted him with a renowned stallion: MEKHBATT (BURNING SAND x GARDENIA GORA by NUIITS SAINT GEORGES) 68 Races 7 Wins 33 Places. Other stallions are available which offer a complete range to satisfy breeders.
