Haras De Syrah

In the microcosm of the Arabian horse race in France, remarkable personalities are few. From the 1980s when the revival of racing was initiated, to today the name of Jean Luc JARDEL appears to be inseparable from the success of the French Arabian racing horse. His breeding, Haras de Syrah, bears the name of a variety of grapes which mainly produces powerful red wines which age well, a beautiful harmony with his horses which more than 40 years later are still successfully present on the racetracks.

PASSEM

After acquiring saddle horses, it was with PASSEM 1975 MALI & PALITRA by SALON that J.L JARDEL would begin his career as a breeder. This stallion from Germany was to win a large number of competitions (SHOW) before producing racing performers such as: AZINA DE CARRERE (NANOUE), FLASH DE SYRAH (FATMA D'ESPIENS) Nothing surprising if we examine his maternal line (KANKARA by KANN & CARABINE and TAKTIKA by TAKI PAN & KRONA).

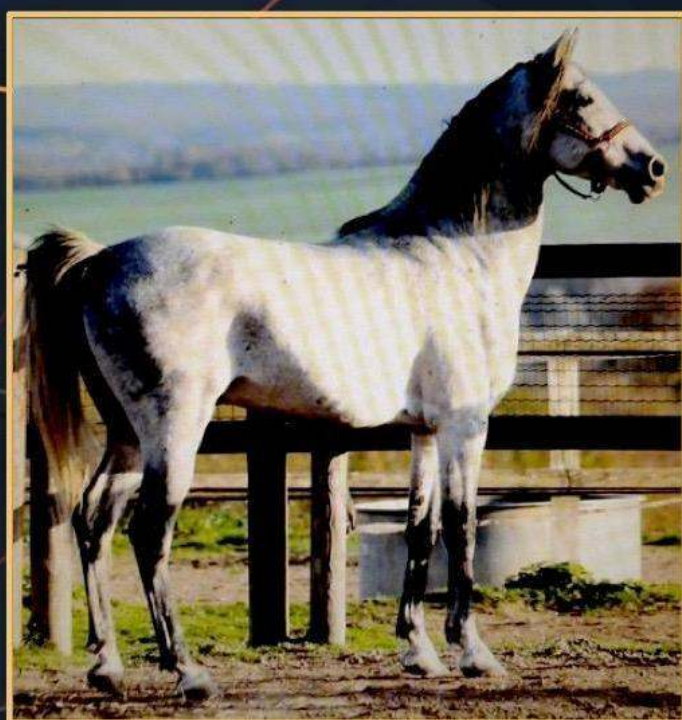

VIRGINIA DE SYRAH

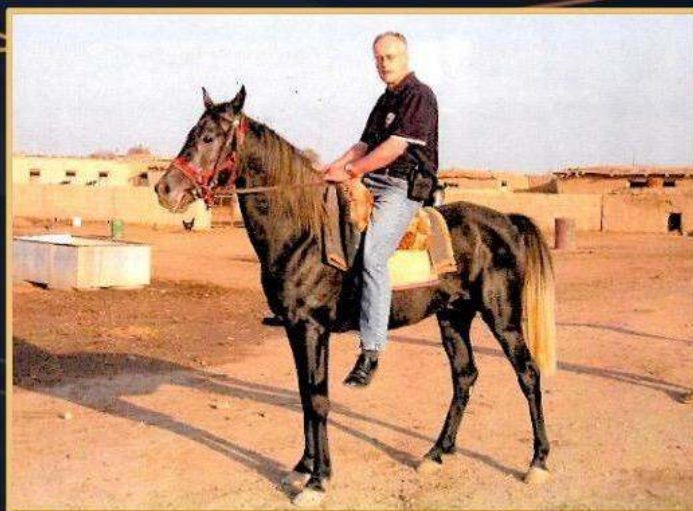

But as a shrewd businessman, J.L JARDEL, aware of the attractiveness of the races and the promising future they offered, was naturally going to move towards this discipline. And at the same time when he was building up his livestock, J.L JARDEL would participate in the creation of France Arabe Course, help create the Race & Show in Montauban, take over the Presidency of the A.F.A.C where under his mandate the main innovations would see the day (in particular the French Breeders Cup and the Argana sales) since creation and dynamism are no longer on the agenda.

J.L JARDEL is also a great traveler whose curiosity and the search for new strains to renew his livestock, brought him to Syria on the initiative of a French breeder ; A. DECROIX, from where he will bring back MELIAR HALAB By MIL YAR & BOOSRA from Syria, which he will try to cross with the French strains without any real improvement resulting from it. After which he will experience a short period of less significant results, until the advent of SOKO... who will fly the colors of the Haras de Syrah in 2021 and 2022.

MELIAR HALAB up, and under saddle riding by A. DECROIX.

From the acquisition of TANGO DU CASSOU to the advent of SOKO, 40 years of breeding at Haras de Syrah, revolved around broodmares such as POM DU BERLAIS, JAVA, DJANIZID, SAKA or even ERGONE DE CARDONE

"Luck makes success, and success makes merit."

The itinerary of : HELAL ALALAWI

*I*t was in the 2000's that HELAL ALALAWI began as an owner in the UAE, then shortly after he took his first coaching license by collaborating with Mr. AL JAHOORI and T. MANUEL, two coaches in place. After having learned through his experience on the racetracks the difficult job of trainer, he very quickly reported many victories with Thoroughbreds and of course Arabian horses with a smaller workforce than the great stables of the time. For several years he has been regularly ranked in the 5 best horse trainers in the UAE and also as an owner within NATIONAL STABLES. But this wise Globe-trotter did not want to stop there and it is in France that he intervenes recently as an owner, following judicious purchases, he won many victories and places, results which propelled him in 2021 and 2022 ranked first among owners in France.

What were your professional activities, and your main victories

I was employee in Government then horse trainer and owner. My First Arab in training was KNIFE 2005 By NEZ D'OR & FARIDA DU BAC by ROYAL DE CARRERE (6 Wins) I will mention 2021-2022 season in this point and its: The DOHA Cup, Arabian Triple Crown, Al Ain Cup, Al Ain Sprint, Cup of his Royal Majesty Sultan of Oman & second of AL MANEFA Cup and French Derby.

What was your best horse of all breeds and what will be your main choice for horse in training in the future.

SHILLONG has been the choice of my heart, and in terms of horses in training my choice will go to the Arabian horse, in relation to my culture and my identity. In addition, I would like to focus mainly on my racing colors now.

Winner of ARABIAN TRIPLE CROWN

SHILLONG By DUBAWI & RAINFALL by OASIS DREAM - Breeder : DARLEY Stud
In UAE 16 Races 5 Wins 7 Places

SOKO 2017 By NIESHAN & SAKA By TORNADO DE SYRAH - Br : J.L. JARDEL
16 Races 5 Wins 8 Places.

SOKO in Deauville, Prix MANGANATE DOHA CUP, winning his first Gr. I under the saddle of O.PESLIER, trained by O. TRIGODET who started the horse in the race for his breeder owner J.L JARDEL, then for his new owner HELAL ALALAWI in 2020 and 2021.

What are in your opinion the best Arabian stallions or mares

In my opinion the best stallions or mares are among others : MAHABB , AMER , IZADI , NIESHAN , AL MAMUN MONLAU , LAITH ALKHALEDIAH , MUNJIZ , JOYZELL , UNCHAINED MELODY , AATEBAT AL KHALEDIAH

UNCHAINED MELODY

NIESHAN

What are your relationships with the existing institutions: IFHAR, DIAR, JOCKEY CLUB Etc...

I deviate from direct answers but will leave the answer to their achievements in the field of equestrianism, and from there you will get your answer. In general, the organizers of the races are doing their part well globally and the sponsors of the races are the real lovers NOT the societies.

Who are your main owners of Arabian horses

Any owner carrying UAE flag, in other part as trainer the main owner is my stable NATIONAL STABLES.

What is your opinion on UAE national races schedule & International level

As a trainer and owner I am satisfied with my local and international results initially and always looking forward for better races in my country or GCC. The local schedule suits me perfectly, but the President's Cup in February on Abu Dhabi is very close to the Saudi cup and the Emir's Cup in Qatar, so we hope that the parties mentioned in the previous question will do their part to amend these dates and address the organizers in these three countries.

What is your point of view on International Race conditions, Distance, weight prize money etc...

I hope to see the number of races & the diversity of distances in different type of surface and the coordination of periods in Arab horses as is what is currently in the thoroughbreds.

What is your opinion, of the purebred Arabian future, in your country and Worldwide.

There are horse racing lovers, such as His Highness Sheikh Mansour bin Zayed Al Nahyan, His Royal Highness Prince Mohammed bin Salman, His royal Highness Prince Bandar bin Khalid, and several Qatari authorities as well, with them, we are doing well and looking forward to a bright future.

LADY PRINCESS

2016 GENERAL & NACREE AL MAURY by KESBEROY

Breeder : CHAMP GIGNOUX & E. BELLAUD. 16 R 11 W 5 Pl

"LADY PRINCESS, certainly the best Arabian racehorse in the world today, she has outclassed her opponents over distances ranging from 1,400m to 2,200m and this on several continents, winning 8 Gr I. Her great quality she has to of course to a fairly classic pedigree: NEVADA II in the maternal line (Cf AWA MAGAZINE N°23 - NACREE AL MAURY) but also to the maternal line of his sire GENERAL. This stallion produces by AL HANOOF, a daughter of MANGANATE and PESENNAIA a mare born in Russia, herself a granddaughter of the great TAKTIKA a pure Franco Russian product. By his mother KRONA, a daughter of KANN by DENOUSTE AND KITA. Kita whose line ASFOURA 1825 is none other than the maternal line of KESBEROY, the circle is complete."

13e édition du Salon du Cheval d'El Jadida

Dates : du 18 au 23 octobre 2022

Thème : « Le Cheval, Facteur du Développement Territorial »

Après deux ans d'absence en raison de la pandémie mondiale du Covid 19, le Salon du Cheval d'El Jadida sera organisé cette année du 18 au 23 octobre sous le Haut Patronage de Sa Majesté le Roi Mohammed VI que Dieu le glorifie.

Le thème choisi pour cette édition est « Le Cheval Facteur du Développement Territorial ». En effet, le cheval est associé à la vie quotidienne des marocains et sur l'ensemble du territoire national. Il est présent dans les fêtes familiales, nationales et religieuses et les exhibitions à l'occasion de la fin de la saison agricole ou des Moussems générant ainsi une activité socio-économique à forte valeur ajoutée.

Le cheval est aussi un animal de travail car il est utile dans le transport et les travaux agricoles. Et c'est justement ces rôles multiples tous en relation avec le développement qui seront mis en exergue tout au long du Salon du Cheval 2022 qui, par ailleurs, se positionnera une nouvelle fois comme la plate-forme incontournable dans la promotion de la filière équine nationale.

Pour ce faire, un programme riche et diversifié sera mis en place.

Il comprend des moments forts tels que la compétition de Tbourida où on verra les meilleurs Sorbas représentant chacune une région du Royaume s'affronter dans le cadre du Grand Prix de Sa Majesté le Roi Mohammed VI, ou encore le Grand Prix de Sa Majesté le Roi Mohammed VI du Sauts d'Obstacles, épreuve finale du Morocco Royal Tour.

D'autres compétitions nationales et internationales seront programmées :

Le Show International A du Pur-Sang Arabe, la Coupe des Éleveurs Marocains de Chevaux Arabes, le Championnat du Cheval Barbe, la Coupe des Champions Arabe-Barbes, le Championnat National de Maréchalerie moderne, les épreuves de l'Équi-Play Tour ou encore le Concours de Saut International CSI 4* W/CSI 1* du Morocco Royal Tour.

À ces compétitions et exhibitions de très haut niveau s'ajouteront des activités équestres ludiques, artistiques et sportives, ainsi qu'un programme complet articulé autour de la promotion des métiers et du savoir-faire liés au monde du cheval. Tous ces événements réuniront professionnels et grand public pour de grands moments de sport et d'émotion. Et comme il est de tradition, le cheval sera une nouvelle fois au centre de nombreuses conférences culturelles et scientifiques. Ces espaces d'échanges donneront l'occasion aux chercheurs, aux étudiants et aux passionnés du cheval de discuter des nouveautés liées à la filière. Des ateliers pédagogiques seront également proposés au jeune public afin de sensibiliser les nouvelles générations, tandis que des spectacles équestres seront exécutés par des artistes étrangers parmi les plus célèbres ainsi que des troupes marocaines de haut niveau.

2022 SAUDI INTERNATIONAL FESTIVAL FOR ARABIAN HORSES

2ND UBAYYAH - DIRIYAH – SAUDI ARABIA
JANUARY 12TH TO 15TH 2022

The name Ubayyah given to the Festival is that of the Mother of King Abdul Aziz al-Saud, a founding father of modern Saudi Arabia.

There has been an increase in competition in Saudi Arabia since 2012, mainly due to the production which is not really controlled in the face of legitimate demand from new owners who take

pride in competing with each other in front of the others, which is not a vain distraction, considering the recent development of the sector in the country, and overall prizemoney was 1 million Riyals.

The 2nd Ubayyah Festival Organizers have set themselves the goal of creating one of the region's most important events dedicated to Arabian horses under Prince Salman bin Faisal al-Saud's High Patronage, with intangible cultural and traditional events an-

As for the quality of the horses, it has been at least two decades since the country has been focusing its efforts on the production of the greatest champions in type and movements around the world that certain local owners have been able to acquire at great expense, because of this, the national herd has grown considerably, so it is necessary to organize more competitions of all levels across its various provinces, as young and wealthy individuals become ow-

chored for generations in the country, the promotion of young painters and calligraphers, sculptors, a colourful and fabulous program with *Ardah equestrian prowess astounded by the lightness of the riders and the dancing horses strangely accompanied by a disc jockey, that objective was largely achieved this year..

At an auction, about 40 Arabian horses were offered, with all the profits amounting to 48,000 euros going completely to charity, an example to follow wherever there is a competition of Arabian horses that can bring joy to people.

In the middle of the desert, everything was gathered there for the benefit of the thousands of visitors, who could admire the exhibition of the fabulous historical epic of the Al Saud family, who possess ancient bloodlines that are guarded as precious as diamonds.

ners, they have committed to putting on events under the aegis of the King Abdulaziz Arabian Horse Center.

In spite of the fact that there was an overabundance of participants, the invited judges, including a detachment of the Royal Guard, were expanding their expertise to make the necessary selection for the championship following the official launch of the competition, the King Abdulaziz Arabian Horse Center provides zootechnical classes on equine breeding in order to support its declared goals of supporting sports, culture, heritage, and purebred breeding activities in 2030.

It is an extraordinary place that the Saudi government has taken into account to enhance its heritage territory and turn to internationalization that is also cultural. Alia Keys performed at Maraya, and renowned architect Jean Nouvel designed Sharran Project,

As part of planning sports activities in this desert region of the Hegra site designated by Unesco as a World Heritage site, with the necessary protective reserves, to facilitate the arrival in Saudi Arabia, direct flights from Paris to Al-Ula have now become permanent for Europeans.

Initially, the Royal Commission for al-Ula partnered with the Saudi Polo Federation, led by Amr F. Zedan, to organize a Polo event, which needed a major technical partner to be successful by bringing together financial partners. For the first time, the Maison Richard Mille, known for

Several of the fans of this discipline who attended the first edition returned for the second. As

a public that loves to admire the sporting side of the best players in the world in action, emulation has also been carried out by the influx of Saudi royalties and friends, such as HRH Prince Abbas bin Ali bin Nayef, HRH Prince Sultan al-Faisal, Sheikha Alya al-Maktoum, and HSH

Prince Carl von Oettingen became enthralled to this sport, Prince Bader al-Farhan, Minister of Culture and Governor of the site, and the most fervent actor for the cultural and sporting development of its territory.
