## 2<sup>nd</sup> MOUTAI CUP

San Rossore (Pisa) Italy - Arabian Flat Race 2000m 2017.11.12

On Sunday 12th of November at Ippodromo San Rossore was held the 2<sup>nd</sup> **MOUTAI CUP**, this year it was a 2000m race for 4years old and up to make possible that a lot of horses could start the competition. **MOUTAI** is the National Chinese distillate (white baiju). It's really a precious distillate and it is the only one concess during the most important national meeting of the Chinese Government. Just before the horses came to the race truck the rain stopped and he race took place under a faboulous rainbow, it was really a fantastic atmosphere !! The starters were nine (the horse n° 7 did not race) and the winner was TOUTATIX ridden by F. Janetzky for Hagman-Erikson Stud (Sweden) .It was really an adrenaline race wich has excited the entire audience at the racecourse.

## 2<sup>nd</sup> MOUTAI CUP

San Rossore (Pisa) Italy - Arabian Flat Race 2000m 2017.11.12

Mr Luca BARBIERI (Sales Manager of **MOUTAI** Italia) presented the award to the owner of the winner horse : Maria HAGMAN, in this case in the person of Kristin ERIXON who is her sister; Doctor Mr Emiliano PICCIONI (the Director of the racetrack San Rossore) awarded the jockey Fredrik JANETZKY and Gianluca SCALFI awarded the owner with a prestigious bottle of **MOUTAI**.

**MOUTAI** is really a prestigious brand and for the second consecutive year has been awarded like the first global brand for value. The aim of **MOUTAI** team was to bounded a prestigious brand to a noble sport and horse like horse racing and arabian horses are!!

Ippodromo San Rossore is located in a naturalistic park and it is owned by the Italian President of the Italian Republic. In 1829 Granduca Of Tuscany built a training track for race horses and only in 1854 was founded the Ippodromo of San Rossore. So is more then 150 years that Pisa accommodates flat races and a very important year was 1955 when RIBOT was the winner of "PREMIO PISA".

For the second year the **MOUTAI** Cup has come to an end, hope to see all our friends at the racecourse next year!!

**CAHRA**

It has been many years since Arabians raced in Canada. Once upon a time in the early 1980's we had the second largest population of racehorses in North America (140+) second only to Michigan with California a close third. Our province had a large group of enthusiastic endurance riders who had crossed over seeking bigger purses for less effort. The logic was simple, and although they were enthusiastic they lacked basic knowledge of the track. There were three or four of us that had both Thoroughbreds and Arabians, I was in that group after graduating (the only Canadian to do so) from Hawkeye Hill Racing School in Kentucky. I watched as racing grew and people became more professional at the racetrack. Bloodlines I had never heard of were running and winning, those were exciting times. Roger Hoffort's unforgettable home bred Sueade+/68(33-19-6) and was recently inducted into the racing hall of fame. Other awards include top money earner Canada & U.S., Canadian Horse of the Year 1989, 1990, 1991, Darley runner up most Prestigious Horse of the Year, 1991 & 1992, Colorado Horse of the year etc. and he was one of many racing champions from Canada.

Then came the migration south to the big purse money and Arabian racing ground to a halt in Canada. Yet, there are a few die hards still dreaming of racing first class homebreds on a level playing field. For awhile we at least had a market in the US for our horses until Burning Sand that is. The majority of people I talk to were opposed to this stallion being reinstated especially after his papers were pulled for blood typing discrepancies by the long-established registration body AHRA (Arabian Horse Registry of America), The U.S. no longer has AHRA, it was replaced by AHA and Burning Sand reinstated along with his lack of provenance. Soon the majority of horses running will all be related through this one speedball, so even though I and others may protest his genetic veracity not one person will step up and have the DNA examined. However the wider and even more devastating effect of this horse is the inbreeding co-efficient that is building. Horsemen get greedy and fail to pay proper attention to cautionary tales staring them in the face such as the damage that high inbreeding co-efficients have created in other breeds but specifically Thoroughbreds; breathing problems, reproductive problems, ever increasing soundness issues etc. In fact the Thoroughbred Jockey Club does not nor ever will allow AI. Imagine when Northern Dancer was at his pinnacle if there had been AI, great horses like Secretariat, Seattle Slew, Alydar, AP Indy etc. etc. would likely have never been born. Since Arabians have AI our demise will come much more quickly if steps are not taken.

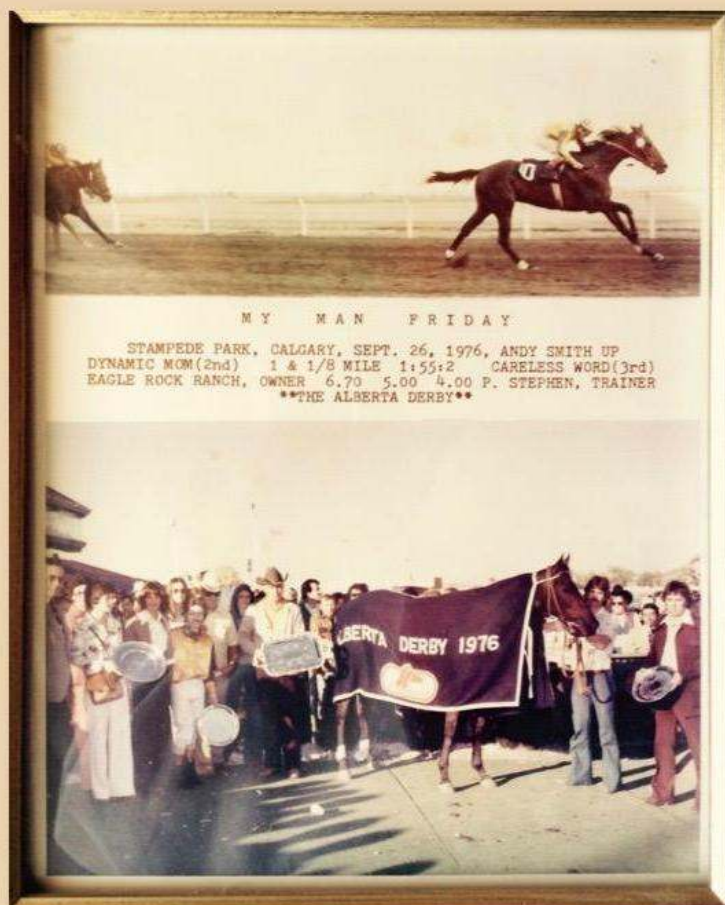

We haven't any Burning Sand in our breeding horses in Canada, and we (CAHRA) intend to keep it that way. CAHRA compliant horses will not carry the blood of BURNING SAND, AMER OR TIWAIQ, however French bred horses are welcome, but the majority of horses being bred for racing in Canada are HARC compliant. Having said that, our association was formed on a tenant (eliminating certain bloodlines here in Canada) that main stream racing will, not support, but we stand firmly on our principles of fair play and transparency. After all there are many precedents that illustrate our model, for instance HARC (AMER, TIWAIQ, BURNING SAND and all French horses are banned), the UAE does not allow AMER etc. There was a rift caused by the two things that have plagued the horse industry, and the human condition for that matter, throughout time: greed and ego. We feel strongly that a venue should be developed for those owners and breeders who have been pushed out in the past. We want you to know that Canada welcomes you and we are working on building a unique racing gene pool.

MARQUIS DOWN, Saskatoon. Saskatchewan

Enter, the Arabian Racing Club of Canada (ARCC) that wants only a handful of select people racing, and has only about 6 head altogether for ten races. We have a 250 year old history of racing in Canada; this type of racing just will not fly here.

"The club" is headed by a person who has never held a trainer's license but claims to have great expertise with racehorses, she will not reveal her board members but was favoured by Neil Abrahams of IFAHR who is reportedly drawing up a business plan for her club, to present to Rick Fior, Racetrack Manager at Marquis Downs, Saskatoon, Saskatchewan. We are very interested to see Mr. Fior's response to Mr. Abraham's upcoming proposal. We would also like to know how and why we, the first and only Canadian Arabian Horse Racing Association were not notified that "the club" was making a bid for acceptance into IFAHR so that we could present also? Is it considered ethical that any IFAHR official have preference for one organization over another? If so, why is this considered ethical? Is it considered ethical that all related organizations of an about to be newly inducted country are not notified by IFAHR?

MY MAN FRIDAY  
 2 Years Old - Thoroughbred 1975  
 Owned by EAGLE ROCK RANCH

I would have flown to France myself to represent our association had I known. In order for ARCC to get IFAHR recognition a lot of machinations had to have occurred and after talking to others in different countries it seems these kind of political practises are common. In effect these special IFAHR clubs and their leaders act something like tin pot dictatorships in IFAHR countries such as Belgium, Australia, Iraq, Tunisia etc. who bully other legitimate Arabian Racing Associations, withhold financials and set racing conditions to suit themselves. Again how is this considered ethical?

**SUEADE/+ Owned By TJ. RANCHES, Okotoks, AB**

When I say bully I mean it literally, I was physically threatened and was forced to get the police involved by one of ARCC's board members. She has since been warned by the good Constable Woods that any further threats towards my person will result in arrest, re: Royal Canadian Mounted Police file number 2017/1669193, dated Dec 11, 2017. Perhaps IFAHR should have a better method of screening. In any case CAHRA answers only to the rules of the racetrack and the laws of the land. Racetracks in North America have some of the toughest rules of any sport and those are the only rules any racing breed must follow. They cannot be bent or broken without severe consequences. From THE RULEBOOK, Racetrack Rule #2: "That every owner and trainer seeking to enter a horse in competition is a person of good character and financial responsibility".

In the meantime CAHRA has been tirelessly working at the racetrack level securing a venue, stalls, track access and permission for gate approvals at Marquis Downs in Saskatchewan. Our liaisons Ellen Haudeck and Lori Sawatzky have been doing an excellent job representing our breed with class and dignity as both have trainer's licenses and many years track experience. Ellen has especially been putting in the long hours, on the phone with Racetrack Manager, Rick Fior and trainer Dennis Penner. We will be at the racetrack in Saskatoon to help anyone interested, early in May with the permission that we have already gratefully obtained from Rick Fior. Our goal is to first gate approve our horses and any other horses that show up. In the case there are enough horses we would like to put together one or two prep races followed by two Graded races so the horses can really shine during a specially themed day. Roger Hoffort is communicating with Alberta racetrack managers and Rob Kimber is our liason for British Columbia.

If the numbers can justify it we will be seeking sponsorship for races but there will have to be more than 11 horses for all of Canada before we make any serious proposals.

We are also seeking sponsorship for one Thoroughbred race in order to get the full support of the horsemen and the officials. The Saskatchewan Derby for Thoroughbreds could really use a boost. Our vision is to have a themed day for the Stakes races, celebrating the Arabian horse, his country of origin and for everything to go off seamlessly of course.

In conclusion, we see conflict with the "old guard's" (CAHRA's) vision of a fair racing future for the Canadian Arabian racehorse and the Club's ideas of getting money first then cobbling together some races for about three people.

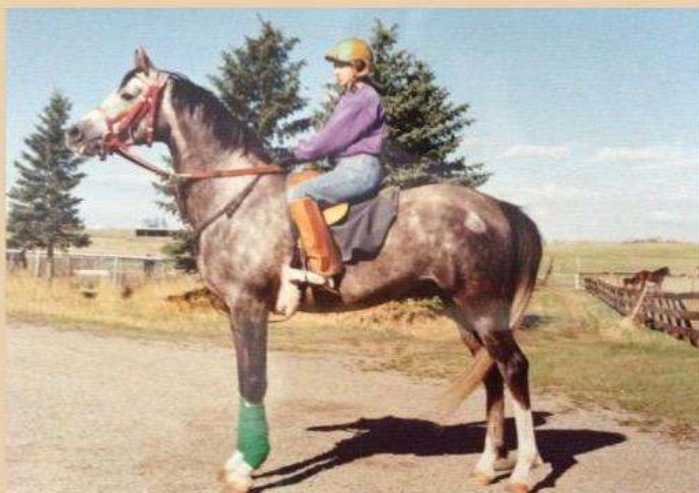

Perhaps the unwritten policy of one club association per country is a large part of the issue creating a breeding ground for abuse of power, instead of mentorship and a "concept for universal Arabian racing rules." Does Arabian racing really need a UN and how cumbersome would that be should it ever become some kind of reality? Yet I believe it is a stated mission of IFAHR. This model also encourages an atmosphere of mistrust and infighting amongst Arabian Racing organizations vying for sponsorship. CAHRA horses will abide by the rules of the racetrack wherever we race, our association rules and will happily mentor newcomers in any case. The main issue of concern is the seemingly undemocratic method that was used to slide "the club" into IFAHR. How is it ethical that other legitimately registered not for profit governmental corporations are left completely out of the loop?

As a footnote CAHRA believes that pushing for Arabian racing in Canada at this time is somewhat premature. We were focusing on 2019 as a possibility for Arabian racing but the actions of "the club" have forced us forward. With that in mind we have quickly made inroads at racetracks, identified trainers who will work with Arabian owners and obtained permission for training and gate approval at Marquis Downs, none of which has been done by "the club", but we will work with them in order to achieve Arabian racing if civility can be obtained. If not we will continue working hard and keeping a close eye on the sport that we all love. Our goal is to see Arabian racing in Canada again but not at any cost. We deeply respect and admire the people who work hard for Arabian racing, there are so many all around the world now.
