PADDYS DAY

Three Peats

TEXT AND PHOTOS BY STEPHANIE J. RUFF

What more can we write about Paddys Day that hasn't already been written? He has set the bar by which all other racing Arabians will be judged. Combining purse money and bonus money he is the first Arabian to reach \$1 million in earnings. He is the first U.S. owned and trained Arabian to successfully compete at the Group 1 level in the UAE and then come back to the U.S. to continue a campaign. And he is now the first horse to win three Darley Horse of the Year awards - not to mention he has done it in consecutive years. At the elaborate ceremony at the Dolby Theatre in Hollywood, Calif. on April 6, Paddys Day won both Horse of the Year and Darley Champion Older Horse (which he has won for the second straight year).

His championship year was a well executed plan where he raced in the biggest races of the year starting in March at Sam Houston and ending in September at Churchill Downs. He made 11 starts with 6 wins, 2 seconds and 1 third with over \$176,000 in earnings. Trained and owned (with wife Lori) by Scott Powell of the Quarter Moon Ranch, Paddys Day won the Sheikh Mansoor's Triple Jewel, consisting of the grade 1 Sheikh Zayed bin Sultan al Nahyan races at Sam Houston, Pleasanton and Monmouth Park, for the third consecutive year. In addition, he was victorious in the \$100,000 H.H. Sheikhha Fatima Bint Mubarak Darley S. (Gr.1) at Santa Anita. He finished second by 1/2 length to Easter Man in the

Delaware Park Arabian Classic H. (Gr.1) where he gave the victor 5 pounds, and third in the President of the UAE Cup S. (Gr.1) at Churchill Downs behind Quick And Rich and Easter Man.

Bred in Texas by Jane Teutsch, Paddys Day is a 2011 bay stallion by the legendary sire Burning Sand out of AK Loretta, by two-time leading broodmare sire Virgule Al Maury. Along with his highly successful racing career, he is also a breeding stallion with his first foals 2-year-olds of 2018.

Perhaps most impressive of all, the final chapter has yet to be written on this incredible horse. After racing a full season in Dubai in the early part of 2018, he is mounting a campaign to win an unprecedented fourth Horse of the Year title. We may well be writing about him again next year.

The entire Quarter Moon Ranch group and extended family were present at the Dolby Theatre on April 6 to make their mark on Arabian racing history. The stage was full of celebration after his name was called as Horse of the Year by Lara Sawaya.

But they did not stop there. Quarter Moon Ranch was also successful with Ivory Shores who won both the U.S. Darley and Sheikhha Fatima International Darley for Older Mare. The chestnut daughter of Burning Sand won five of 10 starts, including the only

Scott and Lori Powell accept the Horse of the Year trophy from Lara Sawaya amongst family and friends.

grade 1 stakes for the distaffers - the Buzz Brauning Arabians Distaff H. (Gr.1). Bred by Joe and Betty Gillis, Ivory Shores is out of French Shores, by Virgule Al Maury, making her a similar cross as Paddys Day.

Another Paddys Day connection won a Darley as well. Jockey Keibar Coa had a great 2017 and was victorious aboard both Paddys Day and Ivory Shores (as well as additional champions RB Nash and RB Hot Date). He accepted his trophy along with his wife who only a month before gave birth to their first child.

Younger Male Dominance

Dianne Waldron knows how to get young horses ready to race as 3-year-olds. In 2016, RB Nash (Nashwan Al Khalidiah x R B Sand Storm, by Burning Sand) won the Darley as a 3-year-old, and he returned even better as a 4-year-old to win his second championship. He won four races (three stakes) in 2017, including the Delaware Park Arabian Derby (Gr.2) and Arabian Stallion S. (Gr.3).

Continuing her dominance of the juvenile ranks, Waldron's 3-year-old colt RB Hot Date (Burning Sand x Rich Frynd, by TH Richie) won the 2017 Darley award. He was clearly the best 3-year-old winning four of eight starts and being the only nominee to garner a stakes win; the Texas Lone Star Juvenile S.

Both of the champions were bred by Waldron and raced under the Rosebrook Farm silks.

A Mild Surprise

Jon and Krista Henningsgard admitted to being surprised when their homebred Uptown Sandy Girl was announced as champion 3-year-old filly. The grey daughter of Burning Sand out of Hall of Fame inductee Wibwilcca, by Wilkolak improved as the year went on and closed out her season with a win in the Texas Lone Star Juvenile Fillies.

Dominant Performances

For the third straight year Joe and Betty Gillis of Allegro Arabians were named both Champion Breeder and Champion Owner. Betty Gillis also received recognition as the Outstanding Breeder on the international scale by bringing home the Sheikha Fatima Ladies Darley Award. In addition, their filly Sweet Honey AA (Burning Sand x Triumphs Silkie, by Seyvilla Triumph) got the nod in a competitive 4-year-old filly

division. She won or placed in all four of her starts and won the Delaware Park Arabian Oaks (Gr.2).

While Joe and Betty made the trip to California, a family emergency required them to leave Friday morning so they were unable to attend the Darley award ceremony or the races at Santa Anita.

Jerenesto Torrez, who trains for both Allegro Arabians and Rosebrook Farm, dominated the training standings in 2017. His charges accounted for nine of the 19 Darley award finalists (47%), including winners RB Hot Date, RB Nash and Sweet Honey AA. His horses accumulated 33 wins (10 stakes) which is almost twice as many as his fellow nominees.

Newcomer Awards

Because it can take so long to get established, the Arabian Cup Stewards wanted to recognize newcomers to the Arabian racing scene. They gave special awards to the New Owner, Lynn Bennett of Calistoga, Calif. (owner of Darley Older Mare nominee Last Call MHF) and New Breeder, Lettie and Hendrik Smeding of Pope Valley, Calif.

Top right: Jerenesto Torrez, pictured with Arabian Racing Cup Chief Steward Michelle Morgan, won his first Darley for Outstanding Trainer. He also accepted on behalf of Joe and Betty Gillis who were unable to attend the ceremony.

Bottom left: Dianne Waldron, second from left, and her family accept the Darley award for Leading 3-Year-Old Colt from Arabian Cup Steward Sam Vasquez.

Chief Steward Michelle Morgan (far left) watches on while Derek Thompson interviews and New Breeder, Lettie and Hendrik Smeding (center) and New Owner, Lynn Bennett (far right).

On Sunday evening during the Gala Dinner, the Arabian Racing Cup held its annual stallion breeding auction fundraiser. A total of \$52,350 was raised to go into supporting the breeders' incentive program. The highest selling breeding brought \$13,000, purchased by Jon and Krista Henningsgard for international leading sire Munjiz. The complete list is as follows:

- Dariya - \$3,500 by Rashad Rjman
- Mahabb - \$7,100 by Garrett Ford
- Mebrouk - \$1,750 by Carol DiMaggio
- Munjiz - \$13,000 by Jon and Krista Henningsgard
- Nashwan Al Khaladiah #1 - \$5,000 by Michelle Yu
- Nashwan Al Khaladiah #2 - \$5,000 by Dianne Waldron
- No Risk Al Maury - \$2,500 by Sue Meyer
- Rathowan - \$2,000 by Michelle Morgan
- Sir Bani Yas - \$1,500 by Sam Vasquez
- TH Richie - \$3,000 by Gregory Davis
- The Four Seasons/Emirates Air package - \$10,000 by Keith Brackpool

Jon and Krista Henningsgard (left and center) accept the 3-Year-Old Filly trophy for Uptown Sandy Girl from San Vasquez. They were also the high bidders at the stallion breeding auction fundraiser paying \$13,000 for a breeding to Munjiz.

HH Sheikha Fatima Bint Mubarak Darley Awards

The U.S. received even more recognition during the international portion of the event, the HH Sheikha Fatima Bint Mubarak Darley Awards. In addition to what was mentioned previously, Amanda Roxborough got the nod as Best Racing Presenter. Also, for the second consecutive year, a U.S. lady was named Best Racing Journalist. For 2017 it was Evie Tubbs Sweeney, who followed Stephanie Ruff (Corum) from Arabian Finish Line in 2016.

The other awards went to:

Aisha Bint Yousuf Al Balushi from Oman - Best Owner
 Beverly Deutrom from Great Britain - Best Trainer
 Natalia Hendzel from Poland - Best Professional Jockey
 Alice Bertiaux from Belgium - Best Amateur Jockey
 Alexandra Bihari from Hungary - Best Apprentice Jockey
 Val Bunting from France - Lifetime Achievement
 Hedwig Irmingard Bourenane Allmuth from Algeria - Best Photographer
 Pilar Saravia from Uruguay - Best Endurance Rider
 Bint Grine from Morocco - Best 3-Year-Old Filly
 Muneera from France - Best 4-Year-Old Filly

Sheikh Mansoor Festival Comes to Sam Houston

March 3, 2018

From Sam Houston Press Box - Sam Houston Race Park hosted two prestigious Arabian stakes on Saturday, March 3: the Hundred Years \$54,500 Sheikh Zayed Bin Sultan Al Nahyan Cup (Gr.1) and \$41,500 HH Sheikha Fatima Bint Mubarak Ladies IFAHR Cup, both at a distance of seven furlongs.

Exciting Dead-Heat by Easter Man and Quick Sand AA in the HH Sheikh Zayed Bin Sultan Al Nahyan Cup (Gr.1)

A talented group of ten colts and geldings went postward in the Hundred Years HH Sheikh Zayed Bin Sultan Al Nahyan Cup. In one of the most exciting finishes of the respected championship, a photo finish was required to determine the winner. Officials declared a dead-heat between the heavy favorite Easter Man (out of Angel Proof, by NF Proof+/-) and Quick Sand AA (out of Triumphs Silkie, by Seyvilla Triumph). Both are sons of Burning Sand, bred and owned by Betty and Joseph Gillis. It was a momentous evening for the couple and their trainer, Jerenesto Torrez, who saddled both winners as well as RB Nash, who ran third. The winners crossed the wire in 1:32.19.

"I wondered if maybe it was a dead-heat," said Torrez. "Easter Man ran second last year (to Paddys Day) and it was a great finish for Quick Sand AA."

Rudy Guerra guided Easter Man (\$2.80) who picked up his tenth career win and Quincy Hamilton (\$5.40) rode Quick Sand AA. Keiber Coa piloted RB Nash for owners Rosebrook Farm and longshot RB Hocus Pocus rallied for fourth followed by Zells Bells, Mystical MHF, Sammy V, Lil Dude AA, Big Cork and Uptown Flying Flynn.

Easter Man, Darley Champion 3- and 4-Year Old Colt, now has a lifetime race record of 4/22(10-9-2)7-8, \$231,715. Quick Sand AA's record stands at 3/19(7-3-7)2-8, \$106,191. A rematch is expected on April 7 in the \$100,000 Sheikha Fatima Bint Mubarak Darley Award S. (Gr.1) at Santa Anita.

Uptown Sandy Girl Game Winner of the \$41,500 HH Sheikha Fatima Bint Mubarak Ladies IFAHR Cup

A field of ten Arabian fillies competed in the \$41,500 HH Sheikha Fatima Bint Mubarak Ladies World Championship IFAHR Cup. The race featured an international group of female jockeys as has been the tradition of the annual event.

It was Swedish rider, Tina Henrikkson, who guided Uptown Sandy Girl to a resounding six-length victory. The 4-year-old daughter of Burning Sand out of Wibwilcca, by Wilkolak is bred by Krista Henningsgard and owned by her husband, Jon. The couple, who live in Waller, Texas, had a large group of friends and family cheering on their talented filly. Trained by Lynn Ashby, the gray filly was sent off as the favorite and did not disappoint.

"She was a dream to ride," said Henrikkson "They told me that she likes to be forwardly placed and she did it easily." With this victory, Henrikkson qualifies to ride in the Ladies Championship Final to be held in Abu Dhabi in November.

This was fourth win (two stakes) from nine starts for Uptown Sandy Girl (\$5.20), as the betting favorite, who covered seven furlongs in 1.32.70. Her cumulative earnings are now \$57,920. RB Kinkie Boots, owned by Rosebrook Farm and trained by Jernesto Torrez, closed for second with Pams Masquerade, owned by Ed Wilson and trained by Simon Hobson, running third. Burning Vaz, Sabres Edge, Last Call MHF, WMA Success Symbol, Mahra T, Sand Token and RB Gaim Changer completed the field.

Ms. Lara Sawaya, Executive Director of the HH Sheikh Man-

soor Bin Zayed Al Nahyan Global Arabian Horse Flat Racing Festival, General Manager of Wathba Stallions, Chairperson of the International Federation of Horse Racing Academies (IFHRA), Chairperson of Ladies & Apprentice Racing Committees in the International Federation of Arabian Horse Racing Authorities (IFAHR) said, "Houston is a very important racing venue for the Festival and has been a long time partner in hosting our races. The two races have attracted some of the best Arabians currently racing in the U.S. and we expect thrilling contests."

"Last year the HH Sheikh Mansoor bin Zayed Al Nahyan Flat Racing Festival and the Wathba Stallion Cup Series had announced that all our races will be Lasix free. Since then that rule has been implemented. The Arabian Jockey Club is in complete support, and we hope our efforts lead toward Lasix free racing for all Arabian races," Ms. Sawaya added.

The HH Sheikh Mansoor Bin Zayed Al Nahyan Global Arabian Horse Flat Racing Festival is sustained by the Abu Dhabi Tourism and Culture Authority and coordinated by Abu Dhabi Sports Council, with National Feed and Flour Production and Marketing Co. LLC as associate sponsors, The National Archives as the official partner and Emirates airline as the official carriers, Al Massood Automobiles and Nissan Middleast as official car partners, in cooperation with Emirates Racing Authority, IFAHR, Emirates Arabian Horse Society, Ministry of Foreign Affairs, Abu Dhabi Youth Council, General Authority for Sports and sponsored by Ayadi LLC, Global United Veterinary Services LLC, Nirvana Travels and Tourism LLC, Wathba Stallions, Abu Dhabi Falconers Club, Emirates Falconers Club, Mohamed Bin Zayed Falconry and Desert Physiognomy School, Al Awani General Enterprises, Kabale, Omeir Travels, YAS Channel, Racing Post, Paris Turf, Al Wathba Centre, the UAE's General Women's Union, The Supreme Council for Motherhood and Childhood, the HH Sheikha Fatima Bint Mubarak Ladies Sports Academy, Abu Dhabi International Hunting and Equestrian Exhibition 2018, Abu Dhabi Equestrian Club, Eastern Mangroves Suites- Abu Dhabi by Jannah, Anantara Eastern Mangroves Spa and Resort.

HH Sheikha Fatima Bint Mubarak Darley S. (Gr.1)

April 7, 2018

On a day that brought approximately 39,000 people to the racetrack, twelve of the best Arabians in the country lined up for the \$100,000 HH Sheikha Fatima Bint Mubarak Darley S. (Gr.1) at Santa Anita on Santa Anita Derby Day. Based on their dead heat victory in the Sheikh Zayed S. (Gr.1) the two Gillis horses, Easter Man and Quick Sand AA, were the top two betting choices.

At the start, Captain Bush went to the lead followed by Easter Man. Going into the first turn, horses were trying to get position and Mystical MHF got the worst of it, having to check and dropping into last place. Coming into the stretch, Easter Man inherited the lead when Captian Bush tired while RB Nash made his bid along the inside. It looked like it would be a battle of those two when Quick Sand AA started to close on the outside. Mystical MHF had already made up a tremendous amount of ground and continued to try and close. But, in a nearly carbon copy of their previous race, Quick Sand AA with Sasha Risenhoover aboard continued to wear down the top two runners. He responded to his rider's urging and managed to get a neck over Easter Man at the wire with RB Nash another neck back in third. Mystical MHF rallied well to finish fourth followed by Sand Victor, Uptown Sandy Girl, RB Hocus Pocus, Dream Pearl, Zells Bells, Mahra T, Captain Bush, and Lil Dude AA. The final time for the 1 1/16 mile was 1:57.33. Total on-track handle was \$636,359.

Quick Sand AA is a 5-year-old son of Burning Sand out of Triumphs Silkie, by Seyvilla Triumph. Triumphs Silkie was a stakes winner and also produced champion Sweet Honey AA. Jerenesto Torrez trained the winner as well as Easter Man and RB Nash.

Pictured left: Prior to the Arabian race, Lara Sawaya (back row, second from left), Executive Director of the HH Sheikh Mansoor Bin Zayed Al Nahyan Global Arabian Horse Flat Racing Festival, presented the Permanent Disabled Jockeys' Fund (PDJF) with a check for \$50,000. This amount was part of the total of \$217,730 raised during a telethon put on by TVG. The PDJF is an independent charitable organization that provides financial assistance to jockeys who have suffered catastrophic on-track injuries.

A jockey wearing a red helmet, goggles, and a red and yellow silks is riding a grey Arabian stallion named Rathowan. The horse is in motion, with its front legs extended forward. The background is a soft, out-of-focus light blue and white.

The Canadian Arabian Horse Racing Association, is the first and only legitimate

Racing Into the Future

— We are here to support racing in Canada as we have board members that have held racetrack trainer's licenses across four provinces and made inroads with track managers, board members and other trainers. We will happily mentor any and all newcomers for the benefit of the Arabian Racehorse and her people with our 100+ years of combined racing experience. We are all dedicated to ensure fair races are run, the rules of the racetrack are followed and everyone has fun whether they are individual owners or members of a racing group. We look forward to welcoming French Arabian racing bloodlines in Canada. The pinnacle of Arabian racing has been maintained by the French breeders for many generations and we are honoured to appear in the best Arabian Racing magazines in the world : Arabian Finish Line & World Arabian Ably

We are the " horseman's " association, comprised of horse people for horse people and chosen by racing management as the " true Arabian racing association "

A traditional breeding at the forefront of modernity.

FETAT KORAICH - 2012 - By RAFII & REFK by DAYJUR

While it is undeniable that the origins of the French Arabs race horses are among the best in the world, we must not forget that many of them are from Tunisian lineages. This quality in the origins is found today in the performers from the best breeders in Tunisia.

One of the best examples of this reality is the mare FETAT KORAICH, born in 2012 at Haras Koraich owned by Mr. Oussama RIFI. Her sire the excellent RAFII born in 2003 at Mr. Ifaoui BADREDDINE, holder of 7 wins and 15 places in 27 races. Worthy filly of her sire FETAT KORAICH has won 17 wins and 4 places in 21 races, trained by Mr. Sami BEJAOU, ridden by Ali BEN GOUIDER on behalf of his owner Mr. Mohamed Ali LAZZEM.

BURNED

While researching the stallion, Burning Sand recently, I stumbled across these two headlines from one of the most respected periodicals in the world, **The Washington Post**: "Laurel scratches 2nd Arabian" 10/17/89 and "Laurel Drops Arabians" 11/15/89." Both articles were written by the multiple award winning journalist (including the prestigious Eclipse Award) Vinnie Perrone.

« Two arabians being scratched »

In the first story Mr Perrone writes of two Arabians being scratched in as many days. First the filly MHF Cashel 1986 By MENES & CESJA By EGO, who raced previously at Delaware five times. The reason stated in the article was that the markings on her registration papers did not match those on her racing certificate. The following day 3 year old Burning Sand was scratched after also racing five times previously at Paducah and once at Tampa Bay Downs. Again there were discrepancies between the AHRA papers and the racing certificate regarding markings; a cowlick, nose marking and a hoof colour were missing from the papers but were clearly visible on the horse. However the most puzzling was the lip tattoo. The TRPB technician (Thoroughbred Racing Protective Bureau) neither signed nor dated the tattoo. I later learned the Tattoo technician was none other than renowned trainer and horseman, Billy Lewis. Patricia Kolb, Laurel's horse identification official described the discrepancies as "out of the ordinary" and another official was quoted as saying, "Something didn't feel right. In my opinion they were trying to pull something."

LAUREL TRACK

Tim Kelly, Vice Chair of the AJC said that a blood sample from Burning Sand was being sent to the AJC lab in California for breed identification and parentage verification. "We can't prove they're Thoroughbreds but we can prove they're not Arabians" according to Mr. Kelly. Remember the year is 1989 and even with all the amazing DNA technology that we have today I am constantly told that there is no test accurate enough to determine purity. Following the logic I find it unlikely that a simple blood test would reveal anything except the blood type. When I inquired about the protocols behind the test I was told they were the same as all blood tests of the day used for registration identification. There simply was no test to determine breed purity in 1989 and Burning Sand's dam had died prior to her blood type being placed on file.

The
Washington
Post

In his second news story, *"Laurel Drops Arabians"* 11/15/89, Mr. Perrone interviewed the president of Laurel who did not flesh out the reasons for the decision although it was clearly fueled by the previous scratches. Mr. Perrone also noted that, "subsequent blood tests to determine whether the horse was a purebred Arabian have not been disclosed." In response, the AJC pressed to "seek an injunction alleging premature termination of contract." Fast forward to December 2015. This excerpt written by one of Burning Sand's many owners, Todd Moak, in response to HARC spurning Burning Sand, "The established requirements of regulatory organizations, not the opinions of some of the participants should be the standards for participation or exclusion." On the other hand organizations have the legal obligation to follow to the very letter, the rules and regulations of the racetracks first and foremost. Thereafter the government of each respective country oversees and protects the not for profit corporations put in place to connect the horsemen to the racetracks. Ultimately racetracks,

not WAHO and/or IFAHR are the main regulatory organizations that we must follow to the letter.

My research into this thirty year old yet still hot topic will be ongoing, not because I am singling only one horse out but because I and others find it to be an interesting story and any stallion who has acquired as much notoriety as Burning Sand has, along with his subsequent get and so on, is in the public eye and is therefore subject to scrutiny. Because of his dominance in the United States, those of us who breed Arabian racehorses and wish to win are forced to use him or stop racing. His 24 length, track record smashing win, though spectacular to some, put others in mind of the Sesame Street game, "One of these things is not like the other." Where did all that burning speed come from? Perhaps DNA can reveal more than is currently thought for Arabian racehorses. <http://www.equineanalysis.com/about/mathew-binns.shtml>

There are several geneticists like Dr. Binns studying equine speed markers very closely for today's Thoroughbred marketplace.

W-24 Delaware Park Race Track and Grand Stand, near Wilmington, Del.

Upon finding these stories I reached out to Vinnie Perrone and was so very pleased to get the following response from him, which, with his permission, is reprinted in its entirety below:

"Best I can recall, varied thoroughbred-racing interests viewed differently the Arabian experiment. Track owners thought the novel racing breed might expand the fan base and thus boost handle. Horsemen strongly disfavored it for fear of siphoning wagers from their thoroughbred races. Some jockeys actually race-rode the smaller Arabian horses, until trainers threatened to blacklist them. In sum, thoroughbred racing officials worried that the Arabian industry exercised less-stringent protocols in protecting the integrity of the sport, a belief excited by the identification incongruities surrounding Burning Sand and the other Arabian." March 13, 2018.

I have recently spent quite a bit of time chatting with Burning Sand's part owner, Mr. Todd Moak and corresponding with his learned wife, Renee. Todd is one of the best I liked fellows in Arabian racing by all accounts and has made it clear that all of the above history occurred before he became a partner in Burning Sand International. Mr. Moak had only one racehorse previous to Burning Sand and that was Tinkerbelle, who incidentally did have her registration papers revoked. I will share some of the information from the telephone interviews with Mr. Moak in the next issue of AWA magazine.

TRACK TALK

Writing anything about breeding strategy in Arabian racehorses is an exercise in futility with the modern horses that keep magically appearing, often with no form and few, if any, identifiable ancestors. It looks like today's Arabian racing scene is something like the Wild West. However with specialists working on bombproof genetic tests there will be more gunslingers on the scene in the form of "lawmen" if not soon then certainly within the foreseeable future. One test in particular looks extremely promising. These modern racehorses which are accepted by WAHO and IFAHR dominate racetracks worldwide are not just a possible scandal but also a bore for pedigree researchers; Burning Sand, Amer or Tiwaiq on French mares-done. How is it possible that the world's oldest breed has such a limited gene pool for racing? Sadly it has come down to many of the trainers and breeders bragging amongst themselves about what a great job they are doing cheating with genetics. Nor do they have any desire to address the issue. They joke about who can "cheat better", they know they have ruined Arabian racing for everyone but their over privileged inner circle, and they also openly admit they don't care and are fully aware the horses they are racing are (likely) not purebreds. They are making their money selling their horses to Middle Eastern buyers and laughing all the way to the bank. Racing in general has had a dark history that took decades to clean up, now here come casting a long shadow of doubt wherever they go. Refer to Rule 3 of Marquis Downs rule book, all tracks across North

America and Europe, "that every horse appearing in a race is the animal he/she is represented to be on the program; is carrying the correct weight as assigned by the track handicapper; " When this rule is challenged repeatedly within our breed we need to consider that there is a systemic problem and deal with it. It is for this reason that CAHRA came together. The Canadian Arabian Horse Racing Association has been created to provide a venue for those that wish to race Heritage racing Arabians, not to be confused with HARC of course, but similar in spirit except that we accept French Arabians. There have been questions with all imported and foreign racehorses but in the distant past, so if there is any truth to the hearsay it's of no consequence being too far back in the gene pool to affect speed. Our board members came together with a vision of creating fair play, honouring the rules of the racetrack and supporting those horses with trusted genetics. We are comprised of people who stopped racing because of a certain event around the turn of the century.as did many others all over North America. We didn't count on everyone throwing up their hands so now instead of moaning about this situation which clearly will not right itself, we are trying to do something about it by creating a heritage venue of an entire country. Although Arabian racing was once very active and important in Canada we are back at ground zero again. We could conceivably hit the reset button with enough support.

TRACK TALK

At this point we hope to have some racing in 2019. Regarding HARC it has come to our attention that certain "horsemen" have gone out of their way to make HARC feel less than welcome in the United States. These people reportedly raced less than fit horses, in order to make a mockery of one HARC race in particular. HARC is most welcome in Canada along with all others that have been breeding for racing and hoping for a place to showcase their Arabian racehorses. We have problems to deal with, as Canada is just starting up again and building for the future but we hope to have a thriving and happy racing community with the support of our neighbours to the south and the growing awareness of Arabian owners in Canada by 2020. We would especially like to appeal to endurance riders as they are in a unique position to transition into training for the racetrack, while saving money by doing a lot of their own conditioning with some modification and, of course, the purse money is very attractive by comparison. Top American trainer, Ken Danyluk, mentioned an endurance rider who conditions her endurance horses by including racing in their program. Otherwise there are trainers at the racetrack for those less hands on.

Meanwhile numbers are dwindling in the United States, AWA's American liasons, Ken and Valerie Danyluk have this to say:

"In Houston right now, some of the trainers (we're included) have already shipped to Delaware, because we absolutely need to condition on that deep surface for a couple months before the races start there. Several others have sent horses to California for the big race on Darley weekend. The terrible fact that we have enough horses to support only one US meet hasn't really sunk in yet. They might get some horses to fill a handful of races in California or even Colorado, but we see no reason to try either anymore when Delaware is offering us 8 races a week (if we can fill them) from June through mid October. The purses are supposed to increase significantly over last year, because they will now receive a portion of football betting. I wish we could help other meets go, but these are client horses and our clients expect, reasonably, to run twice per month in their conditions. We have two of our own, a 10 year old and a 12 year old, out of 16 horses. And we're actually expecting 3 more toward the middle of the meet. If our owners run each horse twice per month, Delaware pays back \$500 to last place, so that covers the bulk of their training bill. Of course, we expect to do better than last place! My point is that there is nowhere else that offers a real race meet anymore. If we had just our own horses and wanted, say, a nice vacation to Colorado with maybe one race per week, we could consider it." -Valerie Lynn Danyluk

Trainer : R. ROGERS

FALAT

When asked about the problem of attracting new people, Ken feels they may be "scared of the inequality in the horses." He explained that it's not possible to get enough conditions in too few races, so fillies were running against colts, non winners against winners, etc. However Ken was very optimistic and upbeat as he reported that many racing people were breeding again and breeding in high numbers, including some HARC hopefuls. Although last year was not a great year for HARC, on the bright side that puts more money in the coffers for this year. Ken also pointed out that a lack of involvement from locals hurts Arabian racing so we need to find better ways to reach out at that level.

CAHRA wishes to encourage those who breed Heritage Arabians for racing not to give up. These horses are needed for the future, once the gene pool has shrivelled up to only one or two sirelines it's already too late. Although it seems a lot of modern breeders care little about preservation, it will be a grave loss to all of us if we do not at least try to maintain the integrity of the oldest extant breed in the world, the fabled Arabian. Good luck to everyone in your racing endeavours, may your horses stay sound, and your luck stay Irish.

By Roxanne Rogers &
Valerie Lynn Danyluk
