HARAS DE THOUARS

Created in 2000 under the name « SCEA Elevage et Agrotourisme de Thouars » it has since become EARL Haras de Thouars in 2009.

SERAPHIN DU PAON

Haras de Thouars is an equine reproductive service provider specialized in Purebred Arabians (flat racing) endurance, show Arabians, and sport horses.

HARAS DE THOUARS

Following Emmanuel Cessac's excellent insemination results (particularly when he managed to get mares deemed infertile in foal,) in addition to his international notoriety, Haras de Thouars now has one of the largest frozen semen collections, and the farm has now developed extensively:

- A technologically advanced reproductive station in constant development- which includes a frozen AI and E.T laboratory- managed by Anthony Cessac; in addition to a fresh AI laboratory- managed by Mathieu Postis. The farm is also comprised 320 acres of grass pasture, two walkers, and 170 large capacity boxes.
- Services that are adapted to our owners' needs in France and Internationally

Thanks to our young and dynamic team:

- Breeding and horse racing management in France / Client representation at the races.
- Horse sales

Stallion promotion: Stallion semen sales in France and internationally. Marketing and communication through different media platforms such as: Equestrian magazines, newspapers, personalized stallion cards, and regular Newsletters (French and English-) also available upon request- exclusively designed by our web designer Mr. Jean-François Mourges.

The Hearts Ladies

The AWA Magazine have decided to honor four Ladies, who participated to the creation of the modern Arab horse in the race and endurance world by telling their story.

Theses four Ladies are Sharon CLARK in USA, Roxanne ROGERS in Canada, Renée Laure KOCH in France and Gillian DUFFIELD in Great BRITAIN.

If we add the results of these Ladies we get the best prize list of all time worldwide. But best of all results the Heart Ladies have earned the respect of arab horse enthusiasts.

Mrs Gillian DUFFIELD

Mrs Gillian DUFFIELD trained at Eve Lodge Stables Newmarket since 2001. Before that she trained at home in a village 5 miles from Newmarket. She would have between 28-35 horses at times. The yard had a large indoor ride and turn out paddocks and direct access on to Newmarket first class canters and gallops.

She employed 10 riders and 2 yard men and part time evening help. She started training point to point (amateur jumping) horses in 1982 and had 28 winners. From 1987 she began to train Arabian horses for HH. Sheik Hamdan Al MAKTOUM.

Shadwell Team R. LANCASTER G. DUFFIELD & HH Sheik Hamdan Al MAKTOUM

For G. DUFFIELD Arabian horses have many attributes mainly they are extremely intelligent. They excel at racing, endurance and showing. Breeding wise it is now usual to breed using pedigrees based on each discipline. The horses she trained originally were much sounder but then they did not have the speed needed to compete today. With there being such a small pool of horses used for breeding racing ones a lot of inbred weakness have come to the fore. Perhaps with the latest use of total out crosses available it may be of benefit to reduce the problems.

In the UK we are an amateur, self-funding sport. The one horse/rider owners are the basis of our racing. They cannot compete against overseas owned horses. Surely instead of having one by race won prolifically by overseas horse, halve the prize money and have the other half for UK bred owned horses. These are the grass roots of our racing, they are not doing it for commercial reasons just the sheer pleasure of racing and owning a horse.

There is no market for selling horses in the UK therefore a lot of the large stud farms have now vanished. Originally in 1992 we had 500 registred for racing now it is 150 approx and only less than 50% owned by UK amateur owners. We now have dropped from 24 race meetings (all arabian) to 7 per year.

Her ideal place to train Arabian horses is Newmarket with first class facilities although she did enjoy training at Meydan and especially the old Nad el Sheba when also took them off track.

MADJANI

Concerning the race programs we need urgently a greater communication and effort to produce a better racing program for patter races throughout Europe. The race programs are clashing at times for pattern races therefore causing less runners in International races. It is unfair on sponsors as they obviously want as many runners as possible in the races. *A properly set out program agreed by all the European Countries would be beneficial.*

Finally she believe it will be difficult to sustain Arabian racing in Uk unless more people start breeding again. It is difficult for them to compete against overseas horses unless measures are taken to help them. If the racing went on to all the thoroughbred cards and professional trainers were allowed to train them I wonder if UK owners could afford training fees and also to buy Arab horses when prices are very high at auctions in France against overseas buyers. Difficult times but at present we can only nurture what we have and make it as good as it possibly can be.

RACING & EQUESTRIAN CLUB Award**

EKS MANSOUR (AL SHAHANIA Stud)

BAHIA ALFABIA (AL SHAHANIA Stud)

Indeed during the first day EQUATOR a five years old Polish stallion got 94,92 points, this rating was the highest of the day, and of all the competition. However the next day the same horse was classified Vice Champion without any explanation to the public or to the breeders even though his performance was perfect. The award ceremony took place under the whistles and boos and if this is not important for the public, the professionals attending are formed an opinion on the true value of the champion title on Paris 2015.

REWAYAH ATHBAH (ATHBAH Stud)

EQUATOR (MICHALOW Stud)

The Paris World Championship was held on 27, 28 & 29 november. This Show, one of the most renowned worldwide celebrated this year its 35th anniversary, under the High Patronage of His Majesty MOHAMMED VI, King of Morocco.

If there was not much to say on the organisation of the competition had respect to recent events in Paris, or on the classes qualifying for the championships, an event occurred in male seniors champions who gave birth to a general misunderstanding, nearby both the public and the present breeders.
